**Re: Permit # M0470089 / UDOGM Task #1749  
TME Asphalt Ridge Mine #1  
Amendment No. 01 Submittal**

Dear Ms. Heppler:

On behalf of TME Asphalt Ridge, LLC, Ames Construction, Inc. is submitting Amendment No. 01 for Permit #M0470089. It has been determined to be economic to continue mining ore from the existing open pit before excavating the approved 2.5 year mine plan as approved. Expansion of the existing pit will immediately supply current ore contracts. Amendment No. 1 modifies a portion of the 2.5 year open pit plan by reducing the acreage and adding the acreage to the existing open pit. This amendment represents an equal offset for acreage and the type of activity which is bonded. Therefore, the current surety bonding does not require any change.

Included are the MR Form and the Drawings that required revision. We respectfully request the Division approve this amendment as soon as practicable.

Please contact me with any questions or concerns with this submittal and thank you for your cooperation on this important matter.

Sincerely

Leonard Boteilho  
Senior Manager
